

Igor Sedlár

Department of Theoretical Computer Science
Institute of Computer Science of the Czech Academy of Sciences
Pod Vodárenskou věží 271/2, 182 00 Prague 8, The Czech Republic

sedlar@cs.cas.cz www.cs.cas.cz/sedlar

5th March 2024

Personal Information

Born: 1 April 1983 in Šal'a, Slovakia; Nationality: Slovak.

Research Focus

Epistemic logic; Logics of programs; Knowledge representation; Substructural logic.

Current Positions

- (since 2018) Researcher, Institute of Computer Science of the Czech Academy of Sciences (Prague, The Czech Republic), Department of Theoretical Computer Science (tenured since 2023)
- (since 2016) Researcher, Institute of Philosophy of the Czech Academy of Sciences (Prague, The Czech Republic), Department of Logic (part-time).

Previous Positions

- (2016–2018) Postdoctoral Researcher, Institute of Computer Science of the Czech Academy of Sciences (Prague, The Czech Republic), Department of Theoretical Computer Science
- (2011–2016) Researcher, Institute of Philosophy of the Slovak Academy of Sciences (Bratislava, Slovakia), Department of Analytic Philosophy (part-time)
- (2009–2016) Assistant professor, Faculty of Arts of the Comenius University in Bratislava (Bratislava, Slovakia), Department of Logic and Methodology of Science

Education

- (2009) PhD. in Philosophy, Faculty of Arts of the Comenius University in Bratislava, Slovakia (thesis “Implication and Meaning Connection” supervised by Dr. Ján Szomolányi);
- (2006) Mgr. in Philosophy (equivalent to M.A.), Faculty of Arts of the Comenius University in Bratislava, Slovakia (thesis “Analyticity” supervised by Prof. Marián Zouhar).

Research Stays

- Research Institute for Mathematical Sciences, Kyoto University, Japan (September 2017);
- School of Computer Science, Tel Aviv University, Israel (March 2017);
- Munich Center for Mathematical Philosophy, LMU Munich, Germany (October – November 2013);
- Department of Logic, Charles University (February – April 2007).

Projects and Grants

Principal investigator (grant recipient):

- *GRADLACT: Graded Logics of Action* (Czech Science Foundation, Standard grant, January 2022 – December 2024)
- *Substructural Modal Logics for Knowledge Representation* (Czech Academy of Sciences, Mobility Plus Project, January 2020 – December 2022)
- *Internationalization of the Institute of Computer Science CAS* (Czech Ministry of Education, Youth and Sports within the Operational Programme Research, Development, Education – co-funded by the EU, 2021 – 2023)
- *NOCLID: Non-classical Logical Models of Information Dynamics* (Czech Science Foundation, Junior grant, January 2018 – June 2021)
- *Reasoning with Incomplete and Inconsistent Information* (Czech Academy of Sciences, Mobility Project, 2017).
- Comenius University Grant for Junior Researchers (2008, 2009, 2011)

Project team member:

- *Coalition and Epistemic Logic: An Intensional Approach to Groups (CELIA)* (Czech Science Foundation and German Science Foundation, Lead Agency Project, principal investigators Marta Bílková, Ondrej Majer and Olivier Roy, 2022–2025)
- *Modalities in Substructural Logics: Theory, Methods and Applications (MOSAIC)* (European Union, Horizon 2020-MSCA-RISE-2020: Research and Innovation Staff Exchange, principal investigator Tommaso Flaminio (Barcelona), 2021–2025)
- *MeTaSuMo: Metamathematics of Substructural Modal Logics* (Czech Academy of Sciences, Standard Grant, principal investigator Petr Cintula, 2022–2024)
- *SYSMICS: Syntax Meets Semantics* (European Union, Horizon 2020 RISE Project, 2017–2018)
- *SEGA: From Shared Evidence to Group Attitudes* (Czech Science Foundation and German Science Foundation, Lead Agency Project, principal investigators Marta Bílková, Ondrej Majer and Olivier Roy, 2016–2018)
- *CE-ITI: Center of Excellence - Institute of Theoretical Computer Science* (Czech Science Foundation, Center of Excellence, 2016–2018)
- *Nonclassical Mathematics Based on Fuzzy, Paraconsistent and Substructural Logics* (Japanese Society for the Promotion of Science and the Czech Academy of Sciences. Bilateral project, 2016–2018).

Awards, scholarships and recognition

Awards

- Best paper award at the 10th Int. Conference on Non-Classical Logics: Theory and Applications 2022 for the paper “Routley Star in Information-Based Semantics” co-authored with Vít Punčochář

Invited talks

- Dynamic Logic: New Trends and Applications 2023 (“Kleene algebras for weighted programs”)

Scholarships and fellowships

- Visiting Fellowship at the Munich Center for Mathematical Philosophy
- Scholarship of the Jan Hus Educational Foundation (2010)
- Scholarship of the National Scholarship Programme of the Slovak Republic (2007)

Professional Service

Conference Committees

- Steering Committee member: Advances in Modal Logic (2023–2025); Dynamic Logic: New Trends and Applications (2020–2024).
- Program Committee (Co-)Chair: Dynamic Logic: New Trends and Applications 2020; Logica (since 2018).
- Program Committee member: Advances in Modal Logic (2022, 2024); Workshop on Logic, Language, Information and Computation (2024); Dynamic Logic: New Trends and Applications (2022, 2023), WOMoCoE (2018), Poznan Reasoning Week (2018).
- Organising Committee (Co-)Chair: Advances in Modal Logic (2024); Logica (since 2018); Dynamic Logic: New Trends and Applications (2020).
- Organising Committee Member: Prague Gathering of Logicians 2019; Prague Gathering of Logicians 2018 & Beauty of Logic 2018; Topology, Algebra and Categories in Logic (2017).

Boards and administration

- Board of the Institute of Computer Science CAS (internal member, 2022–2026)
- Deputy head of the Department of Theoretical Computer Science, Institute of Computer Science CAS (since 2022)
- Studia Logica (Advisory Board member, 2024–2026)
- Studia Logica (Associate Editor, 2021–2023)

Reviewing

- *Journal reviewer*: Annals of Pure and Applied Logic; Filosofický časopis; Filozofia; Fuzzy Sets and Systems; Journal of Logical and Algebraic Methods in Programming; Journal of Logic and Computation; Journal of Logic, Language and Information; Journal of Philosophical Logic; Logic Journal of the IGPL; Logique et Analyse; Notre Dame Journal of Formal Logic; Organon F; Philosophical Quarterly; Philosophical Studies; Review of Symbolic Logic; Soft Computing; Studia Logica; Synthese; Theoria.
- *Conference sub-reviewer*: ICALP 2024; TABLEAUX 2021; RAMiCS 2021; AiML 2018; ISMVL 2018; PhDs in Logic 2018.
- *Monograph reviewing*: Trends in Logic (Springer).
- *Reviewer of papers in edited volumes*: Outstanding Contributions to Logic – Alasdair Urquhart (Springer, 2022).
- *Grant application reviewer*: Charles University Grant Agency; Leverhulme Foundation; VEGA – Slovak Grant Agency.
- *Other*: Reviewer for the Research, Development and Innovation Council of the Czech Republic (“Metodika 17+”)

Teaching and Thesis Supervision

Courses taught:

- *Dynamic Logic*. Faculty of Arts, Charles University (fall 2021, fall 2023)
- *Non-Classical Models of Reasoning*. Faculty of Arts, Charles University (spring 2020 – co-taught with M. Bílková, P. Cintula and A. Tedder)
- *Mathematical Logic*. Faculty of Nuclear Sciences and Physical Engineering, Czech Technical University (fall 2018)
- *Logic in Computer Science*. Faculty of Nuclear Sciences and Physical Engineering, Czech Technical University (spring 2019 – with C. Noguera and A. Vidal)
- *Non-Classical Logics*. Faculty of Arts, Comenius University in Bratislava (2010–2016)
- *Philosophical Logic*. Faculty of Arts, Comenius University in Bratislava (2010–2016)
- *Informal Logic*. Faculty of Arts, Comenius University in Bratislava (2011–2016)
